

The Secure Answer to Your Private Election Needs

Hart InterCivic gives you security you can count on and accuracy you can trust.

Elections are at the core of our business. Hart has a clear understanding of the election process and the project management and technical expertise to address all of your private election needs. We provide a range of private election voting products and services, including administration and consulting services. We are committed to counting your ballots accurately and securely, with challenge-resistant results.

Who We Serve

At Hart, we have extensive experience conducting elections for a variety of organizations, from small to large. We have the expertise to manage the full election cycle – from member registration, to ballot delivery, ballot processing, tabulating and reporting. We serve:

- Civil, Social and Fraternal Organizations.
- Business Associations.
- Labor Unions and Labor Organizations.
- Professional Membership Organizations.
- Credit Unions.
- Other Private Entities.

What We Offer

Hart offers integrated solutions, from paper to electronic ballots. Voter privacy and anonymity are protected at all times, while a clear audit trail is in place. Our SecureBallot offerings include:

- Member registration.
- Ballot generation, formatting, printing, mailing and mail tracking.
- Election support, including tabulation services.
- Voting equipment and services, including: telephonic, internet, digital scanning, electronic and hybrid solutions.
