

ePollBook™

The secure, easy,
and reliable way to
quickly locate and
accurately update
a voter's record.

ePollBook

Go Green at the Polling Place

Reduce printing costs with a secure, paperless pollbook. It's good for the planet and your budget.

Ensure Accuracy and Efficiency

The large type, easy to read screen, and simple search techniques not only ensures the correct voter is found every time, but speeds up the entire check-in process.

Streamline Check-in

No more A – L and M – Z lines – all lines lead to accurate check-in reducing voter confusion.

Enables Anywhere Voting

With the ePollBook's secure data synchronization, not matter where your voters choose to vote during Early Voting, your voter list is always up-to-date with the latest voting history.

Error Free Ballot Style Selection

With the addition of Hart's Ballot-on-Demand application, the ePollBook prints a precinct barcode that can be read by a scanner attached to the Hart Judges Booth Controller (JBC). This ensures that the correct precinct is chosen every time and the poll worker no longer has to navigate through the precincts.

The ePollBook data is securely encrypted so that a simple Internet connection is all that is required for synchronization.

secure

Hart's ePollBook follows the format poll workers are used to today – only it's electronic.

Administrator Benefits

Relieve pre-election stress

- Print your "Voter's Who Voted" report directly from the ePollBook, no waiting on your voter registration system reports

Reduce Election Office Overhead

- Poll workers are empowered to look-up and direct all voters to their correct polling locations, reducing calls to the election office

Improve Accuracy and Save Time

- Scan voter registration barcodes directly into your voter registration system with custom forms and labels, or
- Upload posted voter files directly into your voter registration system

Up-to-Date Absentee and FPCA Processing

- Directly update the pollbook during Early Voting with ballots received from Absentees and FPCA voters

Improve the entire voting experience for both voters and poll workers with efficient and timely voter check-in

Poll Worker Benefits

Increase Poll Worker Confidence

- Easy to follow user interface and customizable "help" screens remove the uncertainty often associated with voter check-in rules

Reduce Errors

- No longer struggle with illegible handwriting, number transposition, or writer's cramp with the ePollBook's voter identification labels

Shorten Voter Lines

- Enhance voter look-up with Voter Certificate and Driver's License scanning

Always Accurate

- Precinct and ballot style are matched to every voter ensuring the correct ballot is chosen every time

accurate

easy to use

The ePollBook comes packaged in a hard case designed for easy storage and includes:

- NetBook – Compact touch screen computer with 6-hour battery back-up
- Driver's License Card Scanner – Used to scan in driver's first and last name
- Label Printer – Prints voter's name and address for use with the Combination Form
- Bar Code Scanner – Used to scan voter's ID from Voter Registration Card (optional)
